

OCCUPATIONAL HEALTH AND SAFETY POLICY

Our Commitment

At **DLF International Movers**, we consider health and safety to be essential elements of our operations and service quality. We are committed to providing safe and healthy working conditions, preventing work-related injuries and illnesses, reducing occupational risks and promoting the wellbeing of everyone involved in our activities. Prevention is integrated into the planning, organisation and execution of all our operations.

1. Safety as a Priority

Health and safety are fundamental values at DLF International Movers. We integrate preventive measures into our decisions, operations and processes to protect people and maintain safe, efficient and responsible workplaces.

2. Legal Compliance and Responsibility

We comply with applicable occupational health and safety requirements and maintain a management approach focused on the continuous improvement of our safety performance. We promote a culture of responsibility, respect and compliance throughout the organisation.

3. Hazard Identification and Risk Management

We identify, assess and control risks associated with our operational and administrative activities. Preventive measures are implemented to eliminate hazards, minimise risks and prevent accidents, incidents and occupational illnesses.

4. Wellbeing and Occupational Health

We promote a healthy working environment that supports both physical and emotional wellbeing. We encourage responsible working practices and initiatives that contribute to health promotion and risk prevention.

5. Training and Awareness

We consider training to be a key element of prevention. We provide employees with information, training and awareness programmes to ensure they understand workplace risks and safe working practices.

6. Participation and Communication

We encourage active employee involvement in health and safety matters and promote open, accessible and transparent communication that supports knowledge sharing and continuous improvement.

7. Collaboration with Suppliers and Third Parties

We expect suppliers, contractors and business partners involved in our activities to share our commitment to safety and comply with applicable health and safety requirements. Effective coordination with third parties is essential to maintaining safe working environments.

8. Continuous Improvement

We regularly review our health and safety performance to identify opportunities for improvement, strengthen preventive measures and enhance the effectiveness of our safety programmes.

9. Our Objective

To maintain an organisation where health, safety, prevention and wellbeing form part of everyday operations, helping to protect people, strengthen our culture and support service excellence.
